**** We do custom work. Custom gauges are available by request****

Classical Guitars

Our standard sets come with monofilament trebles. The bass strings (D, A, E) are fiber-core then hand crafted in silvered copper. Strings in High & Very High Tension sets have a heavier wrap.

We use clear monofilament trebles made from high quality musical nylon and recommend these trebles for the classical musician. **At no additional charge**, you may choose them in: Blue, Black, Red, Yellow, Green or Pink

We dye the strings ourselves at our shop

Classical Sets with Monofilament Trebles	
With Standard, High, or Very High Tension silvered copper basses	\$9 per Set
Flamenco Style	\$9 per Set
Requinto Romantico	\$9 per Set

We also offer Wound Trebles (E, B, G) that are hand-crafted with a fiber-core wrapped in nylon

These are bright sounding and longer lasting than monofilament trebles

Classical Sets with Wound Nylon Trebles with Medium, High, or Very High Tension Basses	\$14 per Set
Classical Sets with Wound Rainbow-Colored Trebles	\$16 per Set

Our multi-colored wound fibre-core trebles are individually hand painted in rainbow colors

Mariachi Instruments

Guitarron Strings - Guitarron sets are available in the following metals:

Silvered Copper - our most popular Guitarron Strings. They accentuate the mid-range frequencies of the Guitarron. They are long lasting and will not rust until long after the life of the string.		Full Set...\$22.00
Available in both Standard or Light Tension	half set... \$11	Single... \$4 each
Classic Copper - A traditional favorite for many Mariachi musicians. Copper has a very rich and beautiful tone. It comes packaged in plastic to protect it from oxidation as copper metal does rust.		Full Set...\$25.00
Some musicians may find these strings turn green when the metal reacts to the acidity in their skin/hands.		
Available in standard tension only	half set... \$14	Single... \$5 each
copper metal is more expensive, therefore we have to charge more for these sets		
Phosphor-Bronze - This is our brightest sounding metal and accentuates the high frequencies in the instrument.		Full Set...\$22.00
We packaged these sets in plastic to protect them from oxidation.		
Available in both Standard and Light Tension.	half set...\$11	Single...\$4 each
Brass - brass has a beautiful bold sound. Also called "cuerdas de oro" because they appear to be made of gold.		Full Set...\$22.00
We package these sets in plastic to protect them from oxidation.		
Available in both Standard and Light Tension	half set...\$11	Single...\$4 each
Red Copper- This metal is Silvered Copper wrapped in a bright Red Coating. These strings will not rust. They accentuate the very high and very low frequencies of the Guitarron		Full Set...\$22.00
Available in both Standard and Light Tension	half set...\$11	Single...\$4 each
Nylon Trebles (A, E, C) - in Light, Standard, or Heavy tension.	half sets...\$11	half sets...\$11
Nylon Colored Trebles - in multicolored patterns or in Black Tynex (a heavier nylon)		
For sets with colored trebles, please add \$15.00 to whatever half set of metal you prefer		

Vihuelas

Our monofilament Vihuela strings are available in Light, Standard, and High Tension. A high tension means the string is heavier and feels tighter on the hands. Available in Clear, Black, Green, Blue, Red, Yellow and Pink		
Monofilament Sets in any tension		\$5 per set
Wound Fiber-Core Vihuela Sets (Balanced or High Tension)		\$11 per set
These are fibre-core strings wrapped in tynex. They are long lasting and have a bright sound.		

Guitarra de Golpe \$9 per set

Bajo Sexto and Bajo Quinto - sets available in Nickel, Brass, or Phosphor-Bronze.

Full Sets Bajo Sexto (12 strings)		\$28 per set
Full Sets Bajo Quinto		\$25 per set
Pairs (1 st , 2 nd , or 3 rd)	\$ 4.50	Pairs (4 th , 5 th , or 6 th)
		\$5.00
Nickel: Our most popular material for the Bajo Sexto/Bajo Quinto strings. Nickel last a very long time before rusting. It is also recommended for magnetic pickups		
Phosphor-Bronze: Our second most popular material. Phosphor-Bronze has a very bright sound and will bring out the high frequencies of your instrument.		
Brass: Brass has a rich tone and produces a sound that is more mellow than Phosphor-Bronze.
